- Labor savings and greater employee safety
- Cleaner grounds and image
- Waste oil of higher value to collection companies
- Avoid possible pollution fines
- Warranty for duration of relationship

USED COOKING OIL PORTABLE UCO SYSTEM: C-2 & C-3

Baker Commodities' proprietary C-2 & C-3 Portable UCO Systems are the perfect way to store, transport and dispose of used cooking oil. These used cooking oil containment tanks are ideal for medium to high volume customers. The C-2 and C-3 are perfect for malls or multiple restaurant properties where they can be rolled from locale to locale to pump and then dispose of used cooking oil.
